

## Showbie Guide for Parents

In line with the Remote Learning Policy we are now using an Online Learning Platform called Showbie.

Showbie is a learning platform that allows teachers to upload tasks, videos, voice notes, website links, assignments and pictures for pupils. Pupils are able to complete and upload completed work in a variety of ways. Both teacher and pupil can share comments about the work submitted and work will be marked by the teacher with comments or voice notes.

In the event of a lockdown situation whether that be whole school or a bubble Showbie is how Richard Durning's will set work for all children. All children have their own login which will be stuck in their reading record and have been assigned a class. They can only see their own area and set work.

We ask that you download and install Showbie from either Apple App Store or Windows Store. Note - some Ipads have needed to be updated to the latest software to download. If children will have access through a laptop they will need to sign in via a web browser.

**USING THE DIFFERENT TOOLS IN SHOWBIE TO COMPLETE AND RETURN A TASK SET  
BY THE TEACHER**

**Different ways to complete your work instead of using the pen option.**

**REMEMBER TO CLICK DONE WHEN COMPLETE**

**You can also upload work by clicking on + to upload from your camera or photo library if you are using a mobile phone or Ipad. If you are using a laptop or PC you can follow the same instructions to upload a file on your computer.**
